RE: ON-STREET PARKING RESTRICTIONS IN DAVIS PLACE SUBDIVISION

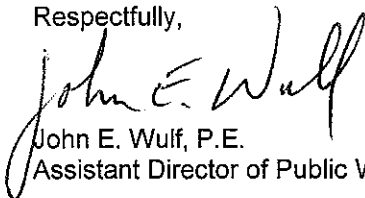

Over a considerable period of time, the City has received requests to modify on-street parking in the Davis Place Subdivision to meet the needs of the residents and Central Presbyterian Church. In response to these requests, City Staff's goal has been to find an appropriate balance among the sometimes competing interests of safe vehicular transit, reasonable access to driveways and on-street parking for residents, their guests, and those attending services and other events at Central Presbyterian Church. Considerable input was received from a variety of stakeholders including the trustees, church representatives and residents through response to City surveys as well as additional subsequent input. On February 14, 2012 the Board of Aldermen conducted the first reading on a bill to codify proposed on-street parking restrictions in Davis Place Subdivision and approved unanimously on the first reading. On February 28, 2012 the Board of Aldermen conducted the second reading on the bill to codify the proposed on-street parking restrictions in Davis Place Subdivision with an amendment to the restrictions on Mohawk and West Biltmore Drives. A map of the approved on-street parking restrictions is available for viewing online at www.claytonmo.gov/davisparking by clicking on February 28, 2012 Davis Place Parking Restrictions. Hard copies are available upon request by contacting Daneen Schlereth in the Public Works Department at 290-8540.

The Public Works Department will begin installing the on-street parking restriction signage during the week of March 5th. For those Clayton residents that do not have "Green" Zone 4 parking stickers and hang tags to park in areas with exceptions for residents, you may obtain them from the Customer Service Center at Clayton City Hall, 10 N Bemiston Ave, Mon-Fri, 8am-5pm. Stickers are limited to the number of vehicles owned by each resident or residential family. You will need to bring a completed copy of the enclosed application and provide proof of residency via your driver's license or utility bill; either of which must have your Clayton address. Also, you will have to provide the year, make, model and the license plate number of each vehicle that requires a sticker. Up to five visitor hang tags may also be obtained per housing unit for use by visitors, guests (both short-term and overnight), domestics and service people. Please direct any questions regarding stickers and hang tags to our Finance Department at 290-8442.

Police enforcement will initially begin on March 12th with a communication campaign to familiarize users of the on-street parking with the new regulations. During this time warning tickets will be issued. Violations will be issued starting March 19th.

Thank you for your patience during this effort by City Staff to meet the needs of the community.

Respectfully,

John E. Wulf, P.E.
Assistant Director of Public Works
